Financial Policy

If you have dental insurance coverage, we will be happy to assist you in using your benefit program. As a courtesy, we contact your insurance company to find out the percentages they pay on all services. If your insurance company figures payment from their own fee schedule, there may be an additional balance to you. Our office understands your insurance coverage and will help you maximize the benefits allowed under your plan. It is the patient's responsibility to keep track of the amount used of their yearly insurance maximum, exclusions, and waiting periods. This office will not be held responsible. Please notify us if you have used any of your insurance at another office during your current benefit year or if there have been any recent changes in the insurance coverage.

If you use your insurance benefits at this office you must realize that:

Your dental benefits are under a contract between YOU, YOUR EMPLOYER AND THE INSURANCE COMPANY. We are NOT a party to that contract. Our fees generally are NOT fully covered by the maximum allowance determined by your carrier. All dental services are NOT covered by benefits. YOU are responsible for all fees incurred for services rendered to you. Our treatment plans show **estimated** coverage.

Please discuss your proposed dental treatment with us and ask all necessary questions before you begin treatment.

Patient co-pays are due on the day services are rendered unless a plan has been pre-arranged.

Types of Payment we accept: Visa, MasterCard, American Express, debit Card, Care Credit and Cash Payments.

Patients of record there will be a \$30 charge for returned checks.

Please give 48 hours of notice if you need to change your dental appointment. There will be a minimum charge of \$50.00 for last minute cancelations and no-shows.

I understand the above office policies:

Oral Screening Consent Form

Complete each time the examination is performed and place in the patient's file

Our practice continually looks for advances to ensure that we are providing the optimum level of oral health care to our patients. We are concerned about oral cancer and look for it in every patient.

One American dies every hour from oral cancer. Late detection of oral cancer is the primary cause that both the incidence and mortality rates of oral cancer continue to increase. As with most cancers, age is the primary risk factor for oral cancer. Tobacco and alcohol use are other major predisposing risk factors but more than 25% of oral cancer victims have no such life style risk factors. Studies also suggest that human papillomavirus (HPV) plays a roll in more than 20% of oral cancer causes. * Oral cancer risk by patient profile as follows:

Increased risk:	patients ages 18-39 -sexually active patients (HPV)
High risk:	patients age 40 and older; tobacco users (ages 18-39, any type within 10 years)
Highest risk:	patients age 40 and older with lifestyle risk factors (tobacco and/or alcohol use); previous history of oral cancer

We have recently incorporated VeLscope powered by Sapphire into our oral screening standard of care. We find that using VeLscope powered by Sapphire along with a standard oral cancer examination improves the ability to identify sus- picious areas at their earliest stages. VeLscope Powered by Sapphire, along with the doctor's visual exam, is similar to proven early detection procedures for other cancers such as mammography, Pap smear, and PSA. VeLscope powered by Sapphire is a simple and painless examination that gives the best chance to find any abnormalities at the earliest pos- sible stage. early detection of pre-cancerous tissue can minimize or eliminate the potentially disfiguring effects of oral cancer and possibly save your life. The VeLscope powered by Sapphire exam will be offered to you annually.

This enhanced examination is recognized by the American Dental Association code revision committee as CDT-2007/08 procedure code D0431; however, this exam might not be covered by your insurance. The fee for this enhanced examination is \$30 .

Yes. I would prefer to have the VeLscope powered by Sapphire exam at this time.

No. I would prefer not to have the VeLscope powered by Sapphire exam at this time
